

# WATERFRONT

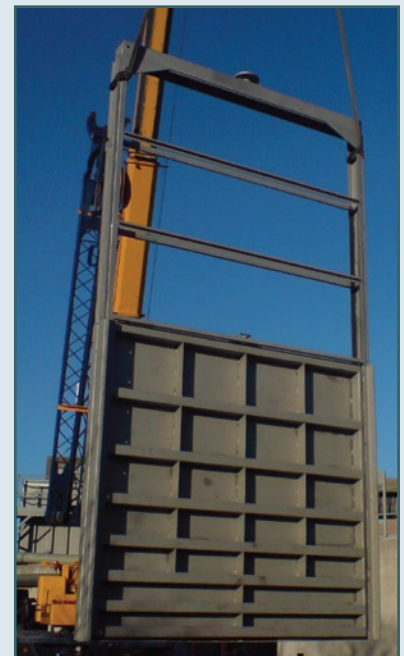

## Site Services

**Waterfront Engineering Services** cover all aspects of removal, installation, refurbishment & commissioning of all capital plant used in water treatment and all fluids.

The company has been trading since 1998 and has worked successfully for all major utilities and contractors in the UK and Europe.

Waterfront is the only guaranteed installer of Waterfront products.

The company also covers all aspects of mechanical and electrical issues with its own products and also undertakes the installation and commissioning of screens, scraper bridges and pumping systems.

Waterfront Engineering Services is accredited by UVDB, UVDB VERIFY and ISO 9001:2000
